

Black Desert Operational Policy

1. General Principle

Definition of Operational Policy

- This Operational Policy contains information members (refers to a person who agreed to the Terms of Service; hereinafter referred to as "member") should acknowledge and understand while using the services provided by Pearl Abyss (hereinafter referred to as "Company") and the operational guidelines and criteria—penalties and/or repercussions (hereinafter referred to as "restriction") for violating the terms and conditions ("Terms"); appeal process for restrictions; recovery support policy—for members playing the online game (hereinafter referred to as "game") provided by Pearl Abyss.
- In accordance with Article 14.2 of the Terms of Service, members are obligated to comply with all the provisions of this Operational Policy. If a member violates the Operational Policy, the member shall be deemed to have also violated the Company's Terms of Service. In such an event, the member may be subject to restrictions in accordance with the Operational Policy and Terms of Service.
- Any matters not aforementioned in this Operational Policy shall be governed by the Terms of Service, and any matters other than that shall be governed in accordance with the relevant laws/regulations and/or general social norms.
- This Operational Policy applicable to the Black Desert game service.

Operational Policy Changes and Notifications

- The Company reserves the right to revise and/or amend the Operational Policy in order to provide better services. Amendments and revisions shall be made easily available (website notice, email notification, etc.) to members by way of notification.
- Members are advised to periodically check our notices and emails for any revisions/amendments to the Operational Policy, as the Company shall not be held liable, unless otherwise stipulated by the relevant laws/regulations, for any damages and/or disadvantages caused by misapprehension of any amendment or revision.

Definition, Role, and Responsibility of a GM

- GM stands for "Game Master." GMs shall process members' inquiries and requests in accordance with the procedures and methods set forth in the Black Desert Operational Policy to ensure the proper operation of the game and the management of members' rights to use the game.
- GMs shall strive to quickly address and respond to service related issues in order to ensure a stable service of Black Desert.

- GMs shall not engage in disputes between members. However, if the content of the dispute between the members is deemed to be a serious matter relevant to the operation of the game (such as break down of game order, violation of actual law or public order, etc.), appropriate measures may be taken in accordance with this Operational Policy.
- GMs are strictly prohibited from offering benefits to specific members and from providing information about upcoming Black Desert services, including updates and events, unless an announcement has already been disclosed to the general public.
- GMs shall not request or change/disclose a member's personal information within the game. However, when requested to provide personal information through a legitimate process by a government agency or a judicial authority etc., the Company may provide personal information to the agency concerned.

Rights and Obligations of Members

- Members shall acknowledge and understand this Operational Policy. The Company is not obligated to provide assistance in the event of problems or harm caused by the member's failure to observe the Operational Policy.
- Members shall provide correct and accurate information when registering for membership. If false, stolen, and/or inaccurate information is provided, the member may be restricted from utilizing the services. In addition, this member shall no longer be entitled to the protection of their rights regarding their account information.
- The Company holds ownership of all game content, such as in-game characters and items. Members can receive guidance and support in resolving any issues that may occur while using the game by inquiring through Customer Support.
- Members shall report any problems, such as bugs or game system errors, found while using the services of the Company, and shall not disseminate the problems to other members or utilize the problems for unauthorized purposes. In the event the member does not report the occurrence of such problems and uses with the intent of gaining advantages, the member may be restricted from using the services in accordance with the Operational Policy for bringing harm to other members.
- Members may be restricted from using the services if they are found to have circulated or disseminated false information which has not been officially announced by the Company, and in doing so, causing confusion to other members.
- Members may be restricted from using the services in the event members violate any of the provisions stipulated in the [7. Table of Restriction Criteria].
- The Company shall not be liable for any loss incurred from the inability to access the game as a result of a member being restricted from using the services.
- Members shall respect the rights of other members; this is an online game where many members play at the same time.
- Members shall be responsible for the protection and management of their account information. The Company

shall not be liable in the event of any damages caused by a third-party using their account information as a result of the member's negligence in protecting and managing their account information.

2. Recovery Support Policy

In the event a member's item/character is lost and/or data is changed due to a technological error of the Company, recovery support of the lost item/character or changed data will be granted if the details of the error are clearly verified by the in-game records, and the recovery does not unduly impact the game balance.

Member's character and item data is always subject to change, modification, or deletion according to game design or operational judgement; recovery support will not be granted in such cases.

In principle, losses that occur due to member's failure to acknowledge and understand the details of the game system, Operational Policy, in-game notices, and notices on the website or due to the member's negligence are not eligible for recovery except for the losses enumerated under [3. Table of Recovery Support Criteria]. Recovery for each category will be processed based on the recorded data, and any losses that do not have record cannot be recovered.

Request for recovery shall be made within 15 days from the date of loss through our Customer Support on the website.

For the affiliated services, recovery support services that require verification of the member's account information may be subject to limitations.

3. Table of Recovery Support Criteria

※ In the event the Operational Policy is violated by abusing the item recovery and other services, there may be restrictions from using the game.

4. Website Operation and Posting Policy

The Company may temporarily suspend website services for the purpose of improving the quality of services and/or maintenance.

This Posting Policy is an operational policy that applies to the forum/bulletin board/posting service of the Black Desert website.

Post/Posting refers to text, image, audio or information (written work, art, or video that is comprised of any of the previous three) in association with the use of the Black Desert website services, such as the member forum/bulletin board.

In order to establish a healthy and safe community culture that is shared by all, posts or content may be moved or deleted without prior notice in accordance with the [5. Table of Restriction Criteria for Inappropriate Website Posts].

The Terms of Services shall govern cases not listed in the Posting Policy. If the contents of the Terms of Services differ from the Posting Policy, then the contents of the Posting Policy shall prevail.

5. Table of Restriction Criteria for Inappropriate Website Posts

In the event any of the acts described in the following "Table of Restriction Criteria on Inappropriate Website Posts" are identified, the relevant posts and comments shall be deleted by the Company. Further, the erring member may be subject to the restrictions on posting/commenting on the website (1-day posting restriction for 1st violation, 3-day posting restriction for the 2nd violation, 7-day posting restriction for the 3rd violation), and permanent restriction on website posting may be imposed for the 4th violation or further.

6. Use Restriction Policy

Restriction and Reporting Process

- The restrictions and reporting process for the violation of the Terms of Service and Operational Policy are as follows.
- Act of violating the Terms/Policy → (Reported) → GM investigates → (Prior Notice) → Restrictions → Appeals → Notification with results of appeal
- Reporting "Fraud", "Inappropriate Language", and "Account Hijacking" is only possible within 15 days of being

harmed by the "Fraud", "Inappropriate Language", and "Account Hijacking".

- The Company shall strive to respond to a member regarding the progression of their case within 48 hours after the Company receives the member's report. However, if time is required to identify and uncover the facts, the response time may take up to 15 days.
- The Company shall notify the member of the restriction details, the reason for the restrictions, etc. by email, client messages, etc. at the time of restrictions. However, for certain acts that are specified separately in the Terms of Service, the Company may instead provide post-notification.

How to Send Reports, Inquiries, and Appeals

- Customer Support: Members can inquire/request/suggest anything related to the game services, including regarding accounts, and submit appeals regarding restrictions through the website's Customer Support.

Possible Appeal Effect:

- If the objection made by the member is deemed reasonable, the Company shall remove the restrictions imposed on the member and recover adjusted items, etc.

Restriction Types

- Warning: GM's warnings/recommendations, activity restrictions, character/family/guild name changes, deletion of post/images, being forcibly exited from the game, and includes other temporary restrictions
- Period-based Restrictions: restrictions to the use of game service and related services (game login, community forum, etc.) for a certain period of time.
- Permanent Restrictions: permanent restrictions to the use of game service and related services (game login, community forum, etc.).
- Temporary Restrictions: temporary restrictions to the use of game service and related services (game login, community forum, etc.) in order for the Company to check bugs, certain effects, and to ascertain the damage caused.
- Content Restriction: temporary restrictions to the use of game content due to acts that violate said game content. This includes actions such as obscuring chat, and content restrictions may be applied on a per account, guild, or clan basis.
- Community Restriction: temporary restrictions to the use of website's community forums/boards.
- Adjustment of Game Data: changes, deletions, and resets to the properties of any numerical data that can be obtained through the game systems, such as Family/Character information, items, paid content, and silver, which are related to any violating acts.
- Retrieval: if a violation is deemed to have a severe impact to the entire system of the game economy or negatively impacts other members' gameplay, 3 times the value of the items gained unfairly through the violation may be changed, deleted, or reset. However, up to 200 billion silver may be collected if the amount unfairly gained cannot be clearly calculated.

- Customer Support Restriction: restrictions to the use of Customer Support services for a set period of time.

The criteria for restrictions are as follows.

- The Company reserves the right to impose "Adjustment of Game Data", "Retrieval", and "Content Restriction" at the same as imposing "Warning", "Period-based Restriction", and "Permanent Restriction".

e.g.) An account restricted for 7 days due to "Bug Abuse (Minor)" may also be imposed with "Adjustment of Game Data" at the same time.

- If two or more acts that violate the Terms are identified, the Company may impose restrictions based on the most serious violation to each act.

e.g.) In the event an account engaged in the act of "Bug Abuse (Minor)" and "Real Money Trade", the restriction imposed will be "Permanent Restriction" based on the more serious violation.

- If a third-party uses a member's account and violates the Terms of Service and/or Operational Policy while sharing an account, restrictions may be imposed on the member and the account.

e.g.) If any account engages in an act of "Unauthorized Program Use", the account will be restricted even if the member did not engage in the act themselves.

- If a member acquires an item obtained by a member violating the Terms of Service and Operational Policy, the Company shall retrieve this item and all related numerical data from the Character/Family. In addition, the account that acquired the item and data may be subject to restrictions in accordance with the Operational Policy.

e.g.) If a member receives an item(s) acquired by another member in violation of Terms of Service and/or Operational Policy through "Fraud", "Real Money Trade", "Bug Abuse", "Speculative Behavior (Gambling)", "Payment Theft", "Use of Unauthorized Programs" etc., the Company shall retrieve the item(s) and may impose game use restrictions on the account that obtained the item(s).

- If the category of a restriction is changed through an appeal after a restriction is imposed according to the Table of Restriction Criteria, the restriction period will be retroactively changed from the start date of the previous restriction.

e.g.) If an account restricted for "Payment Theft" appeals to have the restriction category changed to "Real Money Trade", the restriction period of 30 days will be applied retroactively from the start date of the previous restriction. However, if the restriction period is already over, the restriction will be removed the following day after the appeal is approved.

- If access to the game is not available due to game restrictions, the logins missed during the restriction period will not be counted towards the Returning Adventurer period.

7. Table of Restriction Criteria

If any act listed in the "Table of Game Restriction Criteria" and "Table of Chatting Restriction Criteria" below are

committed, the member who committed the act may be held legally liable and be subject to the robust restrictions and penalties as imposed by the Company. The list of violations enumerated hereunder is not exclusive and may include other offenses which constitute as violations of the Terms of Service, related laws, and acts that severely impact the balance or systems in the game, which may result in restrictions that are not included in this Operational Policy.

Depending on the severity of the violation committed by the member - Warning, Period-based Restriction, Permanent Restriction, Retrieval, Penalty, etc. may be imposed. In addition, depending on the violation, two or more restrictions can be imposed at the same time, in which case, the Company shall impose restrictions based on the most serious violation.

Even if several members violate the same matter, the Company may judge which restrictions should be imposed among: Warning, Period-based Restriction, Permanent Restriction, Retrieval, Penalty, etc., depending on the severity of the act.

Other than that, if a member's act is found to be contrary with relevant laws and regulations, the Company will immediately take strong actions of restrictions and the Company can ask for investigation or help to the authorities concerned and judicial authorities, and vice versa, the Company will respond immediately in case there are requests from the authorities concerned and judicial authorities for cooperation.

※ The Company shall not be liable for the loss of certain content that requires continuous management incurred from the inability to access the game as a result of being restricted from using the services.

※ Members who violate certain criteria 3 times or more may receive the penalties for the 3rd violation or "Permanent Restriction".

※ Items acquired by violating the Operational Policy will result in the retrieval of the item and 3 times the item's value withdrawn in silver.

※ Regardless of the intention and imposed restrictions, any advantages obtained through violations of the Operational Policy are subject to retrieval and adjustment at any time.

※ However, in the event the violation was unintended or impact on the game balance/system was minimal, only the items obtained through the violation will be retrieved, and the withdrawal of 3 times the item's value in silver will not be imposed.

※ Members that violate the aforementioned criteria may receive penalties equivalent to 2nd/3rd violations imposed on the members for their 1st violation depending on the severity of the issue, and the amount of damage caused to other members.

※ Guilds and Clans that violate the Operational Policy may be subject to "Content Restriction" as a Guild and Clan. (e.g. 1-time participation restrictions for Node War, Conquest War, etc)

※ Game information, such as Family name, Character name, etc., may be disclosed through a notice on the official website for violating the Operational Policy.

8. Compromised Account Recovery Policy and Criteria

Compromised Account Recovery Policy

- Members shall be liable for the protection and management of their account/personal/payment information.
- If an account has been compromised, members can apply for compromised account recovery by contacting Customer Support.
- All information required on the form must be filled to apply for compromised account recovery.
- If the member's Acoin, Pearls, game items are involved, then the case must be reported to the relevant authorities. Members must provide proof of their report by sending the original legal copies of the reports or evidence of reports by email.
- In order to prevent further harm to the compromised account and begin our investigations, members must agree to a "Temporary Restriction" to account that applied for compromised account recovery. The "Temporary Restriction" will last 7 days at most, but extensions on paid content cannot be provided as a result of the temporary restriction. Members that do not agree to the "Temporary Restriction" will assume all liability for all damages, complications arising in the investigation, and additional losses that may occur.
- The investigation and item recovery for compromised accounts may take up to 30 days.
- The Company shall not be liable for temporary/permanent restrictions due to violations of the Operational Policy in accordance with "Rights and Obligations of Members" under Article 1 of this Operational Policy, and for any harm caused by the use of member's account information by third-parties as a result of negligence in protecting and managing their account information.

Criteria for Compromised Account Recovery

- Recovery may not be possible after a certain period of time (approximately 30 days) since the account was compromised, as the Company may be unable to accurately verify the data or the time required may be too excessive.
- The Company will judge whether or not an item can be recovered depending on the results from the investigation.
- Recovery support will not be possible if the security services provided by the Company were not being used.
- Recovery support will follow the criteria set below. Recovery that is not under the "Criteria for Compromised Account Recovery" will be determined by the normal recovery criteria.
- Recovered items may differ from the item that was lost. The details as to why the items may differ will not be explained.
- Members must immediately report receiving pearl items (items must not be used) from an unknown account by contacting Customer Support. Members that have received pearl items from compromised accounts and have not reported receiving the gift from an unknown account will be penalized as being involved in compromising the account and may be restricted from the game.
- The Company may remove the restriction if the member is able to prove that they were not involved with compromising the account even though they have received a gift from an unknown account. However, the restriction

will not be removed if the member is not able to prove they have not been involved with compromising the account or if the Company deems the member as being involved.

※ Recovery may be limited for items that are intentionally lost, violate the system settings, or are potentially abusible within the game.

※ The state of an item will not be included in the recovery if the item was changed or cannot be used due to updates.

※ Recovery for each criteria will be processed using the data available. Items cannot be recovered if there are no records available.

※ If there are cases not listed in the details above, the Company shall decide whether or not the items should be recovered.

9. Name Policy for Long-Term Absence

In order for service betterment and to prevent issues in the operation of the game, the Company reserves the right to change the names (Family names, Character names, Guild names) of Families (hereinafter referred to as "Long-Term Absent Family") and Guild/Clans (hereinafter referred to as as "Long-Term Absent Guild/Clan") which fulfill the conditions below.

- More than 1 year has passed since the last login to the Black Desert game.
- Members of the guild(clan) have not login to the game for over 1 year

If the name of a long-term absent Family and/or long term absent Guild/Clan is planned to be changed, the Company will announce the schedule and details of the change 30 days in advance on the official website through a notice.

Addendum (2020.03.19)

This Agreement will be effective as of 03, 19, 2020.
